

SCHOOL GOVERNANCE RESOURCES

At Christian Schools Australia, we believe governance is a sacred calling—to steward mission and vision, provide strategic direction, ensure wise oversight, and safeguard the school’s future. Our resources and programs are designed to equip school boards to lead with clarity, wisdom, and spiritual insight. Through the provision of a wide range of resources, tools, training and companion guides, we support boards in fulfilling both their operational responsibilities and their deeper missional purpose with excellence and accountability.
